

## Accelerating technological solutions for the SDGs 8 - 10 October 2025

## 2025 CONFERENCE PACKAGES

The **CSIR@80 | G-STIC Conference** offers a unique platform for organisations to showcase cutting-edge technologies that align with the theme of science, technology and innovation (STI) for a sustainable future. The exhibition area will facilitate business-to-business and business-to-government engagement between exhibitors, policymakers, investors and researchers, accelerating real-world solutions and encouraging audience participation through interactive displays. Explore the exhibition packages below and choose the one that best suits your needs.

### OPTION 1: FREE-STANDING STAND

This package includes a 3m x 2m floor space **without a shell scheme**. It is ideal for organisations with limited budgets who still wish to be part of the exhibition.

### OPTION 2: STANDARD STAND

This is a 3m x 3m stand package that includes both floor space and a professionally designed shell scheme, provided by the CSIR. The shell scheme offers a clean, uniform look and can be **customised by the exhibiting organisation at their own cost, in direct liaison with the appointed service provider**.

### OPTION 3: EXECUTIVE STAND

This 6m x 3m executive stand offers generous space to showcase your products, services and solutions — ideal for engaging with a high number of visitors. The package includes both floor space and a professionally designed shell scheme, provided by the CSIR. The shell scheme offers a clean, uniform look and **can be customised by the exhibiting organisation at their own cost, in direct liaison with the appointed service provider**.

## Accelerating technological solutions for the SDGs 8 - 10 October 2025

### **Please note:**

All exhibition shells, equipment, electronics, furniture and accessories provided by the appointed stand builder must be returned to the service provider at the end of the conference.

### **Interested in exhibiting?**

If you would like to exhibit at the conference, please contact Anne Williams or Kediemetse Senokwane at **[conference@csir.co.za](mailto:conference@csir.co.za)**. They will provide you with the exhibition call letter and stand layout.

Kind regards,

**CSIR Conference Team**
